

## 2020 PILATUS PC-24 for Sale

### S/N 181

### The World's First Super Versatile Jet

The PC-24 is simply unique. It's the only aircraft combining the versatility of a turboprop with the cabin size of a medium-light jet, and the performance of a light jet. It's a plane that simply doesn't fit into any of the existing business jet categories. The PC-24 has been engineered to be "off-road" compatible from the beginning. Its outstanding short-field performance – even on unpaved runways – opens up an incredible level of mobility.

### HIGHLIGHTS

- Operated Part 91
- Engines Enrolled on TAP Blue Engine Program
- BMW Designworks Interior Package
- Gogo L3 AVANCE Domestic Internet
- Annual inspection completed 6/2023
- New Paint January/2023
